## **Philip R. White (1901 - 1968) Collection**

**Title:** Philip R. White (1901-1968) Collection

**Originator:** Philip Rodney White

**Dates:** 1938-1952.

**Accession Number & Location:** Photograph Collection #1332, #1333 (filed in chronological order in the Photograph Collection); Papers, Box 23.10

**Arrangement:** Listed under one number in the Photograph Collection; 100 images, arranged according to size and type.

**Biography / History:** See obituary by Charity Waymouth.(in vertical file) Publications:*The Cultivation of Animal and Plant Cells*, The Ronald Press, N.Y. 1954; second edition, 1963.

**Scope and Content:** The collection came to The Jackson Laboratory in 1996, as part of the papers of Charity Waymouth. Consisting mainly of photographs and negatives, there are also glass plates, contact prints, a postcard, and a portrait card of Dr. Gottlieb Haberlandt. Subjects of the images include: spruce tumors, histology, plant studies, nutrient studies, histograms, and scenery; also, diagrams and drawings for Sorbonne lectures, portraits of scientists ( Grobstein, Ford, Levi-Montalani, Laoforgues, Harrison, Carrel, Fischer, Lewis and Lewis), and images of equipment. In the Personal Papers Collection, Box 23.10, is a speech to the United Health and Welfare Fund in 1952, in which White describes the work and scope of The Roscoe B. Jackson Laboratory; and a discussion, list, and cooking instructions for emergency use of local plant materials.

### **Inventory:**

Personal Papers Collection: Box 23, Folder 10
